Hello All -

The CR has been signed by Secretary Theoharides. I am placing it and a cover letter in the mail today in the envelope provided, which is addressed to Alan Benson at 7a Spofford Road in Boxford.

Have a nice weekend.

Best,
John

 Lauren Glorioso and John Gioia:

The Town of Boxford will execute the conservation restriction as finalized by EOEAA counsel at its next meeting on Monday, August 19th. I will then send it out to Natural Heritage as directed.

Yes, there is another CR for the recreational portion of the land that has yet to be finalized. (Approximately 15 acres and called Restricted Area "G" on the plans) The Recreational CR will be held by a recreational non-profit, the Boxford Athletic Association, so we not be dealing with someone as experienced as Natasha of BTA/BOLT on that one.

I don't think the draft version of the Recreational CR from 2010 complies with the current expectations for a recreational conservation restriction. The Town sent it to EOEEA and the first review was completed back in March 2017 (Boxford CR#35, Reference #: 11438). I will revive the discussions between Boxford and BAA to get the next version sent to EOEEA for further review.

Great news to see this moving forward. Just to follow up on the remaining land protection – the CMP indicates that a separate CR over the Athletic field areas should total approx. 15 acres. According to my records, the Athletic Field CR has not been finalized or executed. In the attached CMP document, the draft Athletic Field CR is Attachment 4 (page 28 of the PDF). Natasha and Alan – can you confirm where this stands?

Subject: RE: Boxford CR#37 Ref #11440 - Cleared for Local Signatures

Hello Natasha and Alan –

EOEEA legal has reviewed this conservation restriction and, pending your acceptance of the edits and additions shown in the attached 'Legal Review' document, it is now cleared for local signatures. Given the

Conservation and Management Permit, the Division of Fisheries and Wildlife will have to sign the CR on an 'acknowledgement' page. I have inserted that page into the CR and copied Lauren Glorioso (DFW) on this e-mail. She has also had a chance to review the conservation restriction. The attached letter provides step by step instructions for finalizing the CR and getting it to both DFW and EOEEA for final review and approval. If everything looks fine in the attached 'Legal Review' document, please print and use the attached 'Approved for Local Signatures' document to collect signatures per the instructions on the attached PDF letter and proceed further as described therein.

There was one question from legal regarding the other parts of the property – will those be going under another or multiple other CRs?

Let me know if you have any questions.

Best,
John

Sounds logical.

So, we remove the "bridge and roadway" entry and change the numeration.

I am reducing the number of people copied, because this will drive them crazy and this is now editing stuff, with Ross, advising us on the actualities and maps.

Then, the management and conservation of the wetlands surrounding the bridge and part of roadway will become a conservation matter, not a monitoring CR matter.

Natasha

In a message dated 6/26/2019 3:47:43 PM Eastern Standard Time, john.gioia@state.ma.us writes:

Oh, my mistake, I meant that. Anyhow, my primary point from the e-mail below still stands. Restricted Areas G and H are not subject to this CR.

Thanks
John

Thanks, Ross.

So I'm confused then as to why there needs to be any mention of the bridge/roadway in the CR - they're located on "Restricted Area H" along with the two fields, correct? If yes, those areas are not subject to this CR, so we're talking about something that's not located on the land that this CR affects. If this is the case, then this paragraph describing the "Bridge and Roadway" should be removed.

Please let me know.

Thanks
John

TUESDAY, OCTOBER 23, 2007

Warrant

Second amendment to Article 13 was DEFEATED by a voice vote, to change the words "subsequent votes of Town Meeting" to read "subsequent 2/3 majority votes of Town Meeting".

Upon a motion made and duly seconded, it was VOTED by hand count of 253 Yes and 20 No; to authorize the Selectmen to acquire by purchase, gift, eminent domain, or otherwise all or a portion of a parcel of land on Middleton Road, Boxford, Essex County, Massachusetts, being a portion of the property known as the Haynes property, described as lot 2 on a plan of land titled: "Sketch Plan Showing Lots 1, 2 and Parcel A in Boxford, Mass.", Prepared for Elmlea Partnership Trust, dated July 10, 2007, drawn by Neve-Morin Group, Inc., on file with the Town Clerk together with all flowage rights and easements and subject to all well rights and easements; that said land be conveyed to the Town of Boxford under the provisions of Massachusetts General Laws, Chapter 44B, as it may hereafter be amended; said land to be under the care, custody, management and control of the Boxford Board of Selectmen and held for one or more of the purposes authorized under the Community Preservation Act:

- a. Acquisition, creation, and preservation of open space,
- b. Acquisition, preservation, rehabilitation and restoration of historic resources;
- c. Acquisition, creation and preservation of land for recreational use;
- d. Acquisition, creation, preservation and support of community housing; and
- f. ~~Rehabilitation or restoration of open space, land for recreational use and community housing that is acquired or created as provided by M.G.L. ch. 44B (the Community Preservation Act);~~

and that prior to committing any portion of the property to any of the uses specified above, areas of the property designated for specific uses must be clearly identified and delineated by subsequent votes of Town Meeting, and that the Board of Selectmen shall appoint a subcommittee charged with developing recommendations for the use of the property; and that to fund said purchase including all costs incidental and related thereto, to appropriate the sum of \$3,300,000 or any other amount; and that to meet this appropriation the sum of \$1,300,000 be transferred from the Undesignated Community Preservation Fund balance, \$100,000 be transferred from the FY '08 Budgeted Reserve, and that the treasurer, with the approval of the Selectmen, be authorized to borrow the sum of \$1,900,000 as authorized under the Community Preservation Program pursuant to

Subject: Boxford Common letter to Selectmen
Attachments: Selectmen letter re Boxford Common CR.doc

Alan,

Attached is the proposed letter to the Board of Selectmen encapsulating BTA/BOLT's thinking when we decided to propose this type of forestry activity, as you suggested I write.

I believe it's sometimes easier to write it out rather than argue. We hope this will satisfy everyone that indeed, they did the right thing when they voted to approve the Boxford Common CR.

Natasha

June 27, 2019, Boxford, Massachusetts

Dear Board of Selectmen,

In order to assure you of BTA/BOLT's wishes for best practices on Boxford Common, I thought a few words on why we decided to eliminate "commercial logging" on the Boxford Common land would help support your confidence in our aims to protect, preserve and enhance this property.

We do not deny that woodlands sometimes benefit from intervention to "improve" them according to our wishes. Of course, before the settlers came to North America there existed the "forest primeval" for thousands, if not millions, of years without organized help from humans. There were Native Peoples here, but their uses of the forests were limited in scope and no machinery was available, and the forests thrived!

We chose to omit "commercial" language and DCR forestry plans, because according to Massachusetts statutes this immediately makes the woodlands exempt from State and Boxford Wetland Regulations and Bylaws. Boxford Common was bought with the help of three sources of funding from the Community Preservation Act: open space, recreation and affordable housing. The Town Warrant articles made it clear that the open space part was for conservation of wetland resources and wildlife habitat. The language of the Conservation Restriction emphasizes the conservation values and the need to protect them. In our understanding of all this language we, as the Grantee, believe that commercial style logging would be inappropriate and make it impossible to protect these values as we have been charged to do.

Nothing in the Restriction language put in by BTA/BOLT forbids the exchange of money for wood products (seemingly a concern expressed by the Agricultural Commission). A contract could easily be made with whomever is hired to remove the "undesirable" trees, that if there were a market for them, this contractor could sell this wood product, thereby not charging Boxford for the work or even get some \$\$\$ if there was extra. All of this is a matter of not "what you do, but how you do it".

I hope this letter helps explain just why BTA/BOLT is opposed to commercial logging on conservation lands.

Sincerely yours,

Natasha Grigg for BTA/BOLT, Inc.

Subject: Boxford Common

YOU ARE RECEIVING THIS EMAIL BECAUSE YOU ARE A REGISTERED MEMBER OF BOXFORD ATHLETIC ASSOCIATION

This message was sent by BoxfordSoccer@gmail.com (BAA Soccer Director)

Hello parents, coaches, and players,

For the first time in 20 years, the town of Boxford has an opportunity to build new athletic fields for the kids who still don't play in their own hometown and the kids who still have to endure the unreliable field conditions at Chadwick (the fields at the dump). With a YES vote at a special Town Meeting on October 27 at Masco, we break ground in November and build two multi-purpose fields at Boxford Common (aka Haynes).

Buying the land did not require any new taxes. Building the fields will not require any new taxes. The entire project - land acquisition, planning and design, construction - is entirely funded by our Community Preservation account and private donations. In other words, ZERO incremental cost to you.

There will be an annual maintenance expense, as there is for all of our municipal facilities. The estimate from the DPW is \$7.50 per resident.

Boxford Common has been approved by Conservation, Zoning, and the Community Preservation Committee (CPC). Construction bids have been received and we're ready to award the contract. However, the CPC can't release the money until we authorize them to do so as a community. This will occur at a special Town Meeting on Tuesday, October 27 at 7:00 at Masco.

We are entering the home stretch for this project but we still need two things from our community.

- 1) This project won't succeed without our votes so please plan on attending the Town Meeting on Tuesday, October 27.
- 2) There is more money to raise.

For the current generation of young families, going to Town Meeting can be challenging with all the kids' activities such as sports, music lessons, scouts, homework, etc. But those same kids need our support on October 27.

The fundraising team has done a great job so far but they need help crossing the finish line by October 15. Personalized pavers are available for \$500 (medium) and \$1,000 (large), as well as Premier donations of \$5,000 and up.

Please support current and future generations of Boxford kids and invest in the place that will forever be our kids' hometown.

If you have questions, or are interested in making a donation, please send an email to SoccerDirector@gmail.com or go to MailFilterGateway has detected a possible fraud attempt from "www.boxfordcommon.org." claiming to be www.BoxfordCommon.org. Paver donation forms are available on the site or you can make a donation of a different amount if you'd like.
