

DORMAN WOODS

FEE: BTA/BOLT, INC.

APPENDIX B: PROJECT FILE CHECKLIST

General Background Documents

- ☒ Deed (of fee title or conservation easement)
- ☒ Map of project – **in front pocket**
- ☐ Aerial photo of project area, if available
- ☒ Approximate latitude and longitude of the property **GPS indicators on photos – 12D**
- ☒ Brief description of project, including date of acquisition, if the land or easement was donated or purchased, any partners involved in the project, or other information essential to the conveyance—may be taken from a newsletter or other document

Practice 3F – Board Approval of Land Transactions

- ☐ Material provided to board (or other decision maker) before final approval of the project (for example, a copy of the appropriate section of the packet of material provided to the board) **Entire Board familiar with the Dorman Woods – sits inside our “100 Acre Woods” C.R., which is why we bought it – trail connector**
- ☒ Minutes of board meetings when project was discussed
- ☐ Minutes of board meeting or other record of final decision - **not found**

Practice 5B – Accountability to Donors

- ☐ Letter or other written documentation advising donor to seek independent legal and financial advice (for donation) **N/A**
- ☐ Letter or other written acknowledgement of gift valued at more than \$250 (if donation) or a copy of federal form 8283 **N/A**

Practice 8B – Project Selection and Criteria

- ☒ A record of how the project meets the organization's selection criteria, including feasibility, capacity and stewardship analysis (can be a completed worksheet or checklist, minutes of a meeting, summary of a discussion, etc.) **protection criteria checklist**

Practice 8D – Public Benefit of Transactions

- ☐ A record of the public benefit of the project (could be in board minutes, easement recitals.), project checklist or other documents)

Practice 8E – Site Inspection

- ☒ One or more records of a physical property inspection (can be a site evaluation form, completed checklist, etc.) **All Board members completely familiar with this parcel; see comment 3F**
- ☐ Records indicating additional research done on the property, such as mineral or water right investigations, encumbrances, etc. - **none**

Practice 8G – Project Planning

- ☐ A project plan, including project budget if applicable (can be a project planning worksheet, or a checklist coupled with landowner correspondence on the goals of the project, etc.)

Practice 9A – Legal Review and Technical Expertise

- ☒ Evidence of an attorney reviewing the project on behalf of the holding organization – **See letters in “general”, especially attorney Scutiere’s correspondence**
- ☐ Evidence of additional expertise brought to the project, as applicable to the project –

Practice 9H – Title Investigation and Subordination

- ☐ Summary of title report, certificate or abstract
- ☐ Evidence of title insurance, if the land or easement was purchased or if land trust obtains title insurance for donated properties
- ☐ Lien or mortgage subordinations, if any

Practice 9J – Purchasing Land

If fee property or conservation easement was purchased:

- ☒ Purchase and sale agreement – **see correspondence and Quitclaim Deed - general**
- ☐ Qualified independent appraisal or letter of opinion

If acquired above the appraised value:

- ☐ Documentation of how project avoided private inurement (such as additional documentation of property’s unique value, additional documentation of public benefit, or minutes of board deliberations specifically addressing this question)

If a bargain sale transaction: n/a

- ☐ Written recommendation to landowner to consult legal counsel regarding implications of bargain sale or internal documentation of verbal recommendation
- ☐ Written recommendation to landowner to consult financial advisor regarding implications of bargain sale or internal documentation of verbal recommendation

Practice 9K – Selling Land or Easements N/A

- ☐ Protection agreement over the sold property
- ☐ Appraisal summary
- ☐ Appraiser qualifications
- ☐ Marketing materials

Practice 9L – Transfer and Exchange of Land N/A

- ☐ Documentation of transfer agreements
- ☐ Information documenting that new holder can provide ongoing protection and stewardship of conservation values
- ☐ Appraisal summary
- ☐ Documentation of donor intent -

Practice 10A – Tax Code Requirements N/A

- ☐ Written documentation that the landowner was notified of tax code requirements, if donation (may be part of letter provided to the landowner to seek independent legal and financial counsel)
- ☐ Evidence that the organization reviewed the project against federal and/or state requirements, if donation

Practice 10B – Appraisals

- ☐ Letter or other written documentation that the landowner was notified of the appraisal requirements, if donation (may be part of other written communication to landowner)
- ☐ Letter or other written documentation from land trust requesting a copy of the appraisal or explaining land trust policy on involvement in donated easements, if donation
- ☐ Copy of the appraisal summary

Questions 11A through 11I for conservation easement files only:

Practice 11A – Funding Easement Stewardship

- ☐ Stewardship fund calculation - N/A
- ☐ Indication that a stewardship contribution was received (such as a donor acknowledgement letter), that a pledge is being tracked or that a plan is in place to secure the funds (include the plan)

Practice 11B – Baseline Documentation Report N/A

- ☐ Baseline documentation report
- ☐ Baseline map (may be the same map as attached in “general” above)

Practice 11C – Easement Monitoring N/A

- ☐ Monitoring reports from at least the last five monitoring visits (or since date acquired if acquired within last five years)
- ☐ Copy of summary or other most recent post-monitoring information sent to the landowner

Practice 11D – Landowner Relationships

Documentation of the landowner's invitation to the monitoring visit and explanation of the monitoring procedures provided to the landowner - N/A

If the easement property has changed hands:

- ☐ Record of meeting with the new landowner

Practice 11E – Enforcement of Easements

If the easement has been violated:

- ☐ Record of how the organization addressed the violation N/A
- ☐ Indication that the violation was resolved according to land trust policy

Practice 11I – Amendments N/A

If the easement has been amended:

- ☐ Record of the amendment
- ☐ Indication that amendment was completed according to land trust policy

Questions 12A through 12D for fee-owned property files only:

Practice 12A – Funding Land Stewardship

- ☒ Management or stewardship fund calculation
- ☐ Indication that a management or stewardship contribution was received (such as a donor acknowledgement letter), that a pledge is being tracked or that a plan is in place to secure the funds (include the plan)

Practice 12C – Land Management

- ☐ Property land management plan (or table of contents if it is a long and detailed plan)
- ☐ Management plan map (may be same map as attached in "general" above)
- ☒ **BTA/BOLT, Inc. maintains the trails – done by volunteers and board members on the organized weekly hikes. See enclosure in "additional information"**

Practice 12D – Monitoring Land Trust Properties

- ☒ Property monitoring/inspection reports from at least the last five inspection visits (or since date acquired if acquired within last five years) **photographs**
- ☐ Record of resolution of any management problems N/A

Additional Information

The organization is welcome to include any additional information that may help the Commission understand the project in question, including correspondence with the landowner, minutes or notes from internal discussions on the project, press releases, etc. Please list any additional documents in the final checklist provided with the project file.

1. Newsletter announcing purchase of Dorman Woods and its position as a trail connector in the "100 Acre Woods"

2. Correspondence regarding offers to buy and sell.

3. Property checking by Board

Dorman Woods is an attractive cluster of a variety of trees, including a large oak. The negotiations were largely done by our then president and secretary. We agreed to own it because it provided a large wildlife corridor and is part of a larger trail system in the middle of the "100 Acre Woods". The Dorman Woods were the connecting piece. This property, to its entirety, is the jewel of East Boxford. Dorman right was the village center. Dorman is the heart we need to focus, then we can begin to build on it all of us, and so there was little actual discussion at Board meetings - we just supported Nancy Merrill who did the negotiations.

Dorman Woods

This is an approximately 5 acre parcel almost surrounded by the Coolidge "100 Acre Woods" in East Boxford near Walker Lane and Laurel Hollow Road. BTA/BOLT, Inc. holds a conservation restriction on the Coolidge "100 Acre Woods". The Dorman parcel was purchased by BTA/BOLT, Inc. in June of 1996.

The Dorman Property, along with the Coolidge "100 Acre Woods", contains some very large white pine trees, many smaller pine trees, several species of oak, and shagbark hickory. It is abundant in ferns, partridgeberry and green briar. There is a small stream that runs through the Dorman parcel, creating a muddy path in the springtime.

Unfortunately, this acquisition is the least well documented of the project files. Mr. Dorman was an absentee owner of a virtually unbuildable piece of land, and the negotiations were largely done by our then president and attorney. We wished to own it, because it rounds out a large wildlife corridor and is part of a larger trail system in the middle of the "100 Acre Woods" - the Dorman Woods were the connecting piece. This property, in its entirety, is the jewel of East Boxford, being right near the village center. Because the trails are used so often, they are completely familiar to all of us, and so there was little actual discussion at Board meetings, we just supported Nancy Merrill, who did the negotiations.

Attendance: Nancy Merrill, George Horner, Judy Gore, Richard Tomczyk, Donna Shear, Tim Walker
Russell Hopping, Charlotte Present

VOTED: To buy the Dorman Land and find a method to offset the cost by asking the neighbors to fund part of it.

George will do the deed research to get copies of the Deeds.

is BTA/BOLT, INC., a Massachusetts non-profit corporation organized under the provisions of G.L. c. 180 and having its principal office at 20 Cross Road, Boxford, MA 01921.

is located in Boxford, Essex County, Massachusetts, bounded and described as follows:

*PROJECT FILE

DORMAN WOODS

minutes Reflecting decision/ Vote to
Buy The Dorman Property

intending to convey all of the parcel described in the Essex Assessor's records as 39-03-25. See Plan Book 187, Plan 51 and Plan Book 185, Plan 9.

The title was last recorded in the Essex South District Registry of Deeds, Book 5309, Page 779.

May 6, 1995

Ms. Nancy Merrill, President
BTA/BOLT
Box 95
Boxford, MA 01921

Dear Nancy:

This letter will confirm what we have discussed over the phone.

I would like to sell my property located between Bare Hill Road and Topsfield Road to the Boxford Open Land Trust. The piece of land is indicated on the enclosed "Plan of Land in Boxford", consists of approximately 8½ acres and is designated on the tax rolls as parcel 29-03-25. I enclose a copy of a 1995 tax bill for the parcel, which reflects an assessed value of \$12,800.

The property was conveyed to me in two pieces. The first, "Further Meadow", was deeded to me by William R. and Ellen T. Dorman on February 22, 1950, and consists of "5 acres more or less". I enclose a copy of the deed.

The other 3½ acres is "Cedar Swamp". This parcel, largely marsh land, was transferred to me by Barbara Dorman in 1958. I am unable to locate the deed, but I have been paying the tax bills since 1958. In response to my enquiry to the Assessors of the Town of Boxford in 1976, I was informed that their records show that "Cedar Swamp was acquired 'prior to 1880' with no further information..."

In recent years both parcels have been consolidated into a single tax lot.

I want to realize a total of \$8,500 for the land. I do not want to pay any legal fees, costs or expenses of the sale. I do believe my requested price is reasonable and part of my incentive to transfer it at this time is that it would go to an environmentally conscious organization.

If these terms are acceptable, please advise me as to the most expeditious way to proceed. If you wish to discuss the matter further, don't hesitate to drop me a line or give me a call.

Sincerely yours,

John Dorman

Re: DORMAN to BTA/BOLT

Dear Ms. Dorman:

Enclosed are copies of a portion of two recorded plans:

Plan Book 185, Plan 9
Plan Book 107, Plan 81

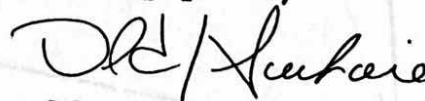

Referring to both plans, our engineer was able to determine the metes and bounds of the "Dorman lot." For your assistance, enclosed is a copy of his calculations. Please note that the notation on the plan, "Area = 4.5± acres" is not on the recorded plan. It was placed on our copy by the engineer.

Also enclosed is a memo to you from Nancy Merrill, President of BTA/BOLT.

Hopefully, all of this information will be of assistance to you in making a decision.

We look forward to your reply.

Very truly yours,

Donald J. Scutiere

Natasha—If you need exact dates, I can look them up but I would think this would suffice:
 Steve- FYI.

Every Thursday and frequently on Tuesdays, the BTA/BOLT maintenance crew checks and reviews a property in Boxford. This includes noting any changes such as beaver activity, blow downs, human encroachment or damage, and changes in flora/fauna and, habitat. Actions include clean-up and light trail maintenance, trail marking, as well as making next action lists for our volunteer crew and our contract maintenance guru. Our reports of needed maintenance plus those of casual observers are given monthly in our Trails Committee meeting.

Because BTA/BOLT assists with maintenance of Town owned properties, checking includes Town properties but below only those owned by BTA/BOLT or those on which we hold Conservation Restrictions have been listed. Numbers before each property correspond to the map of properties in our BTA/BOLT brochure.

Since spring, 2007 the following properties have been checked:.

4. Price Property
5. Coolidge Property
7. Towne Pond
8. Round Top Park
9. French Family Woodlot
10. Dorman Woods
11. Perkins Woods
14. Alpers Woods
15. Shaven Crown Hill
16. Potters Farm
17. Chadwick Mill
18. Erickson Woods
19. Townsend Farm Parcel
21. Fish Brook Parcel
- King's Tree Farm

12-Stevens Pond Wetland—inaccessible by foot so it was viewed from the road. No changes noted.

1. Town Forest is scheduled for Oct. 2, 2007.

Remaining to be checked this fall:

2. Achenbach Woods, 3. Cedar Pond Society, 7. Davis Hayfield 13. Shulman Wetland, and 20. Owen Land.

May 4, 1996

December 3, 1994

Mr. and Mrs. John Dorman

Village Lane

Mr. and Mrs. John Dorman

Village Lane

Orient, New York 11957

For our convenience this evening, BTA/BOLT offers \$6500.00 for your 5 acres with the deed. I now understand that there is a problem with the Boxford Assessors Office not wanting to charge your real estate taxes on the 3.5 acres for which there is no deed. Dear Mr. and Mrs. Dorman, at even after BTA/BOLT buys the 5 acres which has a deed.

I feel that this problem can be straightened out with the Boxford Tax Office.

Over the years, members of the BTA, Inc. and neighbors have enjoyed using the trails that lie north of Topsfield Road and east of Cross Road. I know your trail has been enjoyed since it is part of this network behind Nat and Camilla Coolidge.

I would like to take this opportunity to thank you for the use of your trail. Also the enjoyment of the woods through which your trail passes. Many deer and wild turkeys have been seen in these woods.

Will you consider preserving your parcel in perpetuity? I am enclosing the brochure of the BTA and BOLT and Conservation Options, *Audubon's Guide*.

I will call you after awhile to answer any questions that you may have.

I hope that we can provide you with some useful information on estate land planning

Sincerely,

Nancy N. Merrill, President, BTA/BOLT, Inc.

Mr. and Mrs. John Dorman

Village Lane

Orient, New York 11957

Dear Mr. and Mrs. Dorman,

Per our conversation this evening, BTA/BOLT offers \$6500.00 for your 5 acres with the deed. I now understand that there is a problem with the Boxford Assessors Office continuing to charge you real estate taxes on the 3.5 acres for which there is no deed. This problem could still exist even after BTA/BOLT buys the 5 acres which has a deed.

I feel sure this problem can be straightened out with the Boxford Tax Office.

I composed the following paragraph during our snowy winter.

Boxford experienced a white Christmas, the first one in many years. This gave everyone the opportunity to cross country sky or snowshoe on the trails. Your trail and the Coolidge trail have been enjoyed by cross country skiers, snowshoers and the horseback riders. The equestrians ride on one side of the trail, while the skiers make their tracks on the other side of the trail. This works out very well.

Your trail looks lovely in all seasons. The tall white birches that grace the trail are exquisite.

BTA/BOLT members who use your trail are very much interested in preserving the open space and trail.

I offer to you, to place two wooden signs at either entrance to the Dorman lot specifying that this woodlot is the John Dorman lot or whatever you wish the sign to say.

Sincerely,

Nancy N. Merrill

Re: DORMAN to BTA/BOLT, INC.

Dear Mary:

In accordance with our telephone conversation, enclosed is a deed to your father's property in Boxford. The Assessor's office has assured me that the caveat "being all the property described in 29-03-25" will be sufficient to clear their records.

Please have the deed executed and acknowledged before a notary public who must affix his seal of office. Also please have the 1099-S form signed and provide me with your father's s.s. # where indicated.

By copy of this letter, I am requesting BTA/BOLT, INC. to forward to me, a check for \$6,500.00, payable to your father.

Please return the deed and 1099-S form to me, and I'll hold them in escrow until you receive "good funds" from the grantee.

Thank you.

Very truly yours,

Donald J. Scutiere

BTA/BOLT LAND PROTECTION CRITERIA

BTA/BOLT is committed to pursuing a strategic method of land conservation in Boxford and to assisting the Town of Boxford and other conservation partners in acquiring land or interests in land that protect our ecological, agricultural, recreational, or scenic resources, values, and heritage.

BTA/BOLT will consider the following criteria in evaluating whether to support a land protection opportunity (other important factors not listed here, but relevant to a particular project, may also be considered by the Board at its discretion).

The point system below is only a guideline which attempts to quantify important conservation values (use points provided or check all that apply).

A. Factors Which May Promote BTA/BOLT's Involvement in a Conservation Project

- ☒ Size of Parcel: 1 point for every 5 acres
- ☒ Adjacent to other Open Space: 1 point for every open space parcel that the land is adjacent to or connects to with a trail easement.
- ☐ Adjacent to Bio Map Core Habitat/Supporting Landscape Habitat and Rare Species: 1 point for being adjacent to or containing Bio Map Habitat and if endangered species present, 3 points for each endangered species, 2 points for each threatened species, and 1 point of each species of special concern.
- ☐ Conservation Value: 1 point if land protects wetland resource areas, watershed resource areas, ponds or riverfront/stream front areas, unique geological features, unique topographical features, or unique flora and fauna.
- ☐ Scenic Value: 1 point if land protects scenic qualities or vistas important to the community.
- ☐ Agricultural Value: 1 point if land promotes farming and/or agricultural activities such as forestry, dairying, or harvesting of hay and other crop products.
- ☐ Historical Value: 1 point if land promotes historical values important to the community.
- ☒ Recreational Value and Public Benefits: 1 point if public access, recreational opportunities, or other public benefits are available.
- ☐ Boxford Open Space Report Designation: 1 point if the land is designated as Priority Open Space in the 1996 Open Space Report and as may be revised in the future.
- ☒ Promotes Future Conservation: 1 point if land is located so as to promote expansion of conservation activity in the area.
- ☐ Endowment Fund: 1 point if the landowner is willing to contribute funds toward the stewardship endowment for monitoring and maintenance purposes.

Notwithstanding the property's ranking using the above criteria, BTA/BOLT will not acquire an interest in land by donation or by purchase, if the property would financially overburden BTA/BOLT, jeopardize its nonprofit status, tarnish the organization's reputation in the community, or impose unsustainable stewardship obligations.

B. Factors Which May Limit BTA/BOLT's Involvement in a Project

- ☐ The property is too small to be significant for its conservation purpose and there is little likelihood of adjacent properties being protected to protect the area's conservation values.
- ☐ The proposed open space is part of a development proposal which is likely to have significant adverse impacts on conservation resources.
- ☐ Adjacent properties are being, or are likely to be, developed in a manner that would significantly diminish the conservation value of the property in question.
- ☐ There is reason to believe that the land or easement would be unmanageable or unenforceable within BTA/BOLT's resources (due to frequent incidence of destructive trespassing, multiple ownerships of land, mixed land uses, and/or irregular lot configurations).
- ☐ The property is found to be contaminated.
- ☐ Ethical or public image problems exist with the project.

C. Examples of Types of Conservation Methods used by BTA/BOLT

Source of Information for Public about Conservation Methods and Values (newsletter/press/brochures)

Facilitator/Negotiator/Coordinator (helping behind the scenes)

- Conservation Partner (with other conservation organization)
- Fee Ownership of Land
- Temporary Fee Ownership (with planned transfer to another entity/town)
- Conservation Restriction/Easement
- Trail Easement
- Limited Development (used in conjunction with the above methods to help fund protection of the majority of property involved).

BTA/BOLT Inc. PROPERTY INSPECTION REPORT

1. Property name: *Dorman Woods*
2. Location [street address]: *Access from Walker Lane, Boxford or Laurel Hollow Rd, Boxford, MA*
3. Date of inspection: *7/24/07*
4. Size in acres: *5 acres*
5. Does the property have a Conservation Restriction on it, if so, who holds it? *No*
6. Owner name and address: *BTA/BOLT, Inc.*
PO Box 95 Boxford, MA 01921

7. Date property was acquired: *6/96*. Purchase or donation? *Purchase*

8. Describe the details of your inspection [where you walked, etc.]:

Walked through the Coolidge 100-acre woods to the Dorman woods. Wetlands were dry. Then went to the Laurel Hollow entrance. Typical summer day. Some mosquitoes, but the woods were in great condition.

9. Present use of property: *Hiking, mountain biking, cross country skiing,*

*equestrians
(nm)
8/5/08*

10. Note any possible violations or encroachments

Monitor comments/Intended Follow-up

No violations evident

11. Describe any rare or unusual plant or animal life or sign thereof:

A vernal pool and swamp area is here. Currently (summertime) dry.

12. Additional remarks [particularly as to the present condition of the property]:

Everything looked in good condition. Trails are well-groomed and property looked fine.

13. Names of monitoring team members:

Nick Shrewsbury (intern)

Judy Gore

Mary Ellen Iorio

14. Time spent on property: *1.5 hours*

15. Inspection team leader:

Mary Ellen Iorio
