Subject: bta/bolt - update

Hi Diane. Judy Gore is on vacation, but just before she left she asked me to give you an update. We obtained a quote from Donohoe & Parkhurst to do the necessary survey work and prepare the plan. The quote was somewhat more than we expected, so we have now requested that Hancock Engineering give us a quote to do the necessary survey work and prepare the plan (given the amount of the original quote, we felt our Board of Directors would want to see a second quote for this work). I expect to receive Hancock Engineering's quote shortly, after which we will go to our Board of Directors seeking approval to proceed.

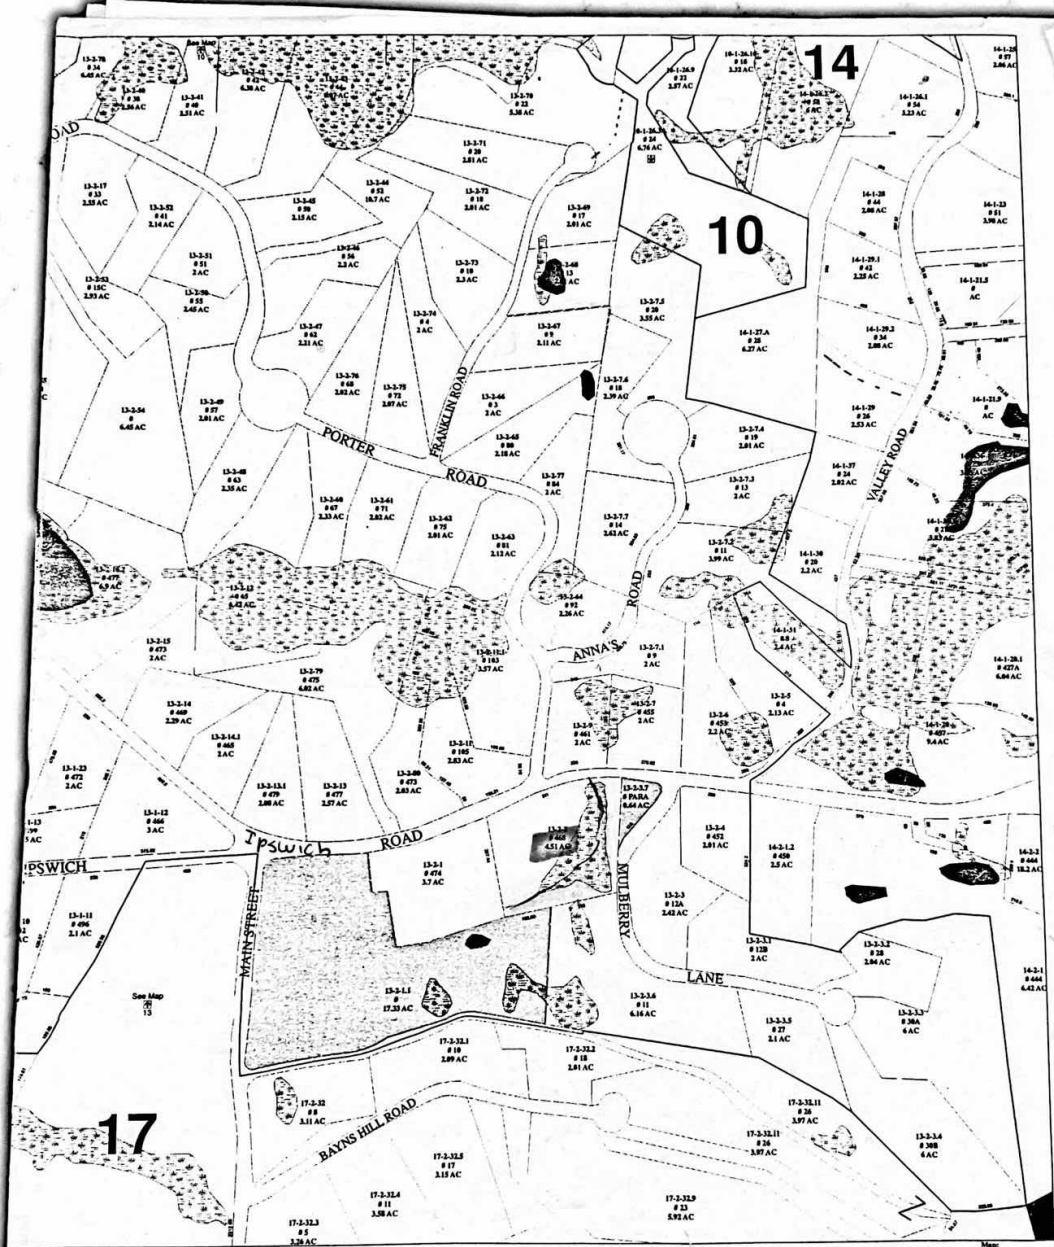

Thank you.

Angela Steadman

PO Box 95
Boxford, Massachusetts 01921

RE: Ipswich Road
Boxford, Massachusetts

Ms. Steadman:

Thank you for sending your information.

I suggest that we proceed as follows:

- Survey the perimeter boundaries and prepare a working drawing showing boundaries, buildings, driveways, well, approximate location of the septic system, and approximate wetlands.
- Meet with you and Ms. Dubrule to decide on the division line.
- Set iron rods along the new division line.
- Prepare a Form A division plan suitable for presentation to the Planning Board and for recording in the Registry of Deeds.

I expect that the following staff hours will be required:

- research at the Registry of Deeds and Boxford town offices . . . approximately 1 hour
- survey (two person crew) . . . approximately 16 hours
- computation, project supervision . . . approximately 8 hours
- drafting . . . approximately 8 hours

Our fee will be three thousand nine hundred dollars (\$3900.00). We will need about four weeks to complete this.

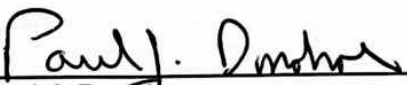

If you would like us to schedule this, please sign below and return this letter to our office.

Ms. Angela Steadman
BTA/BOLT

April 11, 2007

Paul Donohoe
Donohoe & Parkhurst
363 Boston Street
Topsfield, MA 01983

Dear Mr. Donohoe:

Per our discussion of several days ago, BTA/BOLT is interested in retaining Donohoe & Parkhurst to prepare a plan for a parcel of land on Ipswich Road in Boxford, so that the landowner can transfer a portion of this parcel to BTA/BOLT. The property is located next door to the Witch Hollow Farm. I have enclosed a copy of the deed to the property, together with a Town of Boxford Assessor's map. There are wetlands that run across the back and east side of the property. It is the goal that the landowner be able to convey to BTA/BOLT approximately one acre (and no more than one and one half acres) on the south and east side of these wetlands. We are hoping that this will give people access to the Witch Hollow conservation land (shaded-in on the Assessor's map) from Mulberry Lane. There is a small stream across the back of the property. It would be ideal if the division point across the back of the property could be the center of this stream/brook, as it is a natural division point. I have shaded in yellow what we are hoping will be the approximate area to be conveyed to BTA/BOLT (I have no idea if what is shaded will be consistent with the desired acreage to be conveyed)

The owners as reflected on the deed are currently deceased, and the land is now under the control of the former owners' daughter (Diane Dubrule) who will be selling the house. She does not want to see another house on this property, so seeks to limit its subdivision potential by conveying a portion of the parcel to BTA/BOLT.

If you would kindly provide a quote to prepare such a plan, so I may get authorization from the BTA/BOLT board to go forward with this, I would be most appreciative. If you have any questions, you can call me at home at (978) 887-9681.

Thank you.

Very truly yours,

Angela Steadman

BTA/BOLT Meeting

May 3, 2007

The board meeting was conducted by Judy Gore, president; it was attended by Nancy Merrill, George Horner, Angela Steadman, Alison Chase, Jean Dewberry, Bev and Dave Ingalls, Mary Ellen Iorio, Mary Beth Stevens and Barbara Shade.

1. 370 Middleton Road (IRWA): (Nancy)

Nancy talked about the this property that was donated to the IRWA which they want to sell. George said that he believes the cost to bring it up to code, make repairs and renovations, etc., would be around \$300,000. The land is valued at \$323,200 and the total assessed value as of 2007 is \$582,300. Nancy's ideas include low-cost housing, offices for non-profits in Boxford, community gardens, canoe launch, etc. Kerry Mackin (IRWA) will meet with a few BTA/BOLT board members at the end of the month.

2. Minutes:

Dave said that a correction needs to be made to the April 5 minutes: "2. Land, second paragraph, last line: it should read \$15K, not \$5K." Since some members of the board said that they didn't remember seeing the April 5 minutes (sent to board on 4/11), we can address any other corrections at the June meeting and then officially approve the minutes.

3. Finance: (Dave)

Dave briefly reviewed the Treasurer's Report for 2006 (final 4/9/07) which is attached. He also went over the Treasurer's Report for the month ending April 30, 2007 Report (attached).

He said that our taxes are in the hands of the auditor. He still needs information on the settlement papers for the purchase of the Barker land (Angela will help him with this); a copy of the agreement between the Kings and Barkers transferring the CR; BTA/BOLT's contribution to the town for Anvil Farm (\$1.2 million was given to the town at the closing).

Cargill: Nancy said she hadn't given Dave all of the pledge amounts for Cargill and she believes that we're close to the goal of raising \$50K.

4. Land: (Judy)

Cargill: A townwide mailing went out today. She encouraged the board to send out individual e-mails to encourage people to attend town meeting. Angela will put a sign up on the Cargill property advertising it.

X We have been offered a small piece of land by Marian Dubrule – part of her property. It would become a part of Witch Hollow Farm. She's afraid that her property might be sub-divided because it has 4 acres +. If we accept this gift it would prevent it. It's a cute little wetland.

5. Education: (Mary Ellen)

Mary Ellen has hired Michael Tyler (junior at Masco) and two freshman girls for the program. Each day of camp will have a different theme. Since the Forest Foundation grant specified that the grant is to support Boxford children, the remainder of the money will be used to do baseline documentation (Mary Ellen enlisted Nick Shrewsbury). He will learn "GPS-ing." Bob Ford will give Mary Ellen sample documentation procedures used by the Sudbury Trustees.

She is publicizing the camp with posters (one at Wayne's) and asked everyone on the board if they could volunteer some time.

6. Office Computer: (Judy)

There was a discussion about how to dispose of the computer. Barbara interjected that Natasha (who was not present) e-mailed her about needing a computer in the office (she will forward this e-mail to Judy). Natasha's point is that material regarding BTA/BOLT is now on the individual computers of board members and should be "filed" on a central computer. This may be necessary if we are going to fall under the guidelines of the LTA.

Mary Ellen will check with a local computer technician to see if he could "clean" the hard drive should we decide to donate it.

6. Meeting Date: (Judy)

The board decided to revert back to meeting on the first Monday of the month at 4:00 p.m. Barbara will make arrangements with town hall to change the dates.

8. Annual Meeting: (Judy)

Judy discussed the fact that the expansion of the board will be voted on (needs to talk to Steve about the way it is presented). We also discussed who will contribute what food. Board members should be at Lincoln Hall at 5:30; dinner will be served at 6:30 and the meeting will begin around 7:30.

9. Field Leasing: (Judy)

Judy said that four bids were made to lease land for one year at Witch Hollow. Larry Morris was the high bidder. Judy wasn't certain about the bidding criteria. She said she didn't know who was bidding for fields in East Boxford. There is a proposal that the field leases be for three or five years starting next year.

10. Miscellaneous Matters:

a. Judy passed around comments by Jon Mooers regarding the Open Space/Master Plan questionnaire addressed to the Planning Board and BTA/BOLT.

b. Joshua Peckins: Mary Beth said that she will shop for a gift for Joshua this week. She passed around a graduation card for everyone to sign.

The meeting adjourned at 8:30 p.m. The **annual meeting** will be held on **Tuesday, May 22, at 7:30 p.m.** The next **regular meeting** will be held on **Monday, June 4, at 4:00 p.m.**

Minutes taken by Barbara Shade
May 4, 2007

BTA/BOLT Minutes- Sept.10, 2007

Present: Natasha Grigg, Bev Ingalls, Dave Ingalls, Judy Gore, Steve Davis, Paul French, Angela Steadman, Maryellen Iorio, Nancy Merrill, George Horner, Andrew Plucinski, Alison Chase, Jean Dewberry

The meeting was brought to order by President Grigg at Boxford Town Hall at 4:00 PM. Minutes of Aug. 6 were approved as written. The financial report by Dave Ingalls was approved unanimously. It showed total cash available to be \$149,000, cash available for spending \$82,922, and the endowment fund at \$23,432.

We agreed that Ralph needs to itemize his hours and work. This year's cost thus far is \$17,000. Alison noted that without a paid director, we can afford to spend more on trails. Angela felt we should spend about \$12,000 per year, with volunteers doing the rest. Natasha felt \$15,000 per year was the right number, and there was agreement with this. The cons comm. will be asked to reimburse some of our trail expenses.

Alison informed us we could have a booth at the Topsfield Fair, and we agreed to do it on Oct. 8. We have a supply of earrings and pendants into which one can place insect repellent. We decided to sell either item for \$20. A signup sheet was circulated for the apple festival. Oct. 28 is the pumpkin hunt at Cargills, at 11 AM to 1 PM. The jewelry show at the Griggs will be on the same day, from 3 to 8 PM. Oct. 13 is the date of the trail ride at the Griggs, with registration from 9 to 10 PM. In support of the Haynes property purchase, we will conduct trail walks on the property on Sept. 30. We will also attempt to raise funds at the pumpkin event. The board voted \$135 to support the rails to trails walk, with the party at Camp Denison. Later in the year, we hope to have a hot chocolate party in Nov. and a winter art auction again this year.

The Cargill land purchase is almost consummated but the King land deal is not. It awaits documents from California. The King's legal fees thus far are about \$5000, and we voted to pay them. We will be getting about an acre of land from the house sale by the Dubrule Family abutting Witch Hollow Farm. A survey by Parkhurst and Donohoe was registered on September 4 with the Registry. The cost was \$3600.

Our web site is in the process of revision. Lessons from our camp program were that the campers should be at least first grade, and we may need to rent a van next year. We may also need a paid director. The library was a very helpful partner in this project. The intern has finished his project, having photographed all BTA/BOLT properties (owned or conservation restriction). Marybeth attended the Cole School PTO meeting and generated some new interest in our group.

Sincerely,
Stephen Davis, Sec.

BTA/BOLT board meeting- Nov. 5, 2007

Present: Natasha Grigg, Nancy Merrill, Dave Ingalls, Bev Ingalls, Alison Chase, Barbara Shade, Steve Davis, George Horner, Paul French, Judy Gore, Marybeth Stevens, Jean Dewberry, Andrew Plucinski, Angela Stedman

X The meeting was called to order at 4 PM by president Grigg. Minutes of the Sept. and Oct. meetings were amended and approved. Dave Ingalls gave the Treasurer's Report. Cash available is \$137,000, funds available to spend \$66536, and endowment funds total \$24,234. Nancy reported on trails. Work on Witch Hollow cost \$2400, of which the trails subcommittee recommended we pay \$800, with the rest borne by the owners of Witch Hollow Farm. The Dubrule acre will be part of that system. It was so voted. A discussion also ensued about keeping the Witch Hollow fields in a natural grass mode.

Our records policy will require that the monthly minutes, Treasurer's Report, and annual tax returns be downloaded to a disc after each calendar year. Natasha informed us that LTA requires us to adopt a set of rules for conservation restriction amendments, and we will do so. An invoice from John Smolak in the amount of \$2964.50 was received for the Barker title search and it was voted unanimously to pay it. We will be adopting new policies and procedures for monitoring properties and CRs.

Marybeth presented the progress on our new web site and told us that the work was done for free by Nan Finkenour and she valued it at \$15,000 to 20,000. The new site will be up after the first of the year. The town received a state grant of \$418,000 toward the purchase of the Cargill property. We discussed contributions to help offset ongoing interest payments by the Cargills. The selectmen will discuss establishing a gift fund for that purpose. Fund raising for the Haynes purchase was discussed. It was felt that we would contribute \$10,000 from our treasury but that we could do no other fund raising because it overlaps our annual appeal. It was so voted unanimously. The Hills property CR is done and will be presented to the selectmen on 11/19. The Davis hayfield CR and the Roundtop CR are still pending.

The Jewelry Show was poorly attended and will not be repeated. The trail ride was well attended, with a nice repast afterward. The riders contributed to offset the cost. Board members should leave a note when they remove a file from the office. Discussion of the day and time of our monthly meetings led to a suggestion of the first Tuesday evening in the month, in order to attract younger board members.

Sincerely,
Stephen Davis, Sec.
