Restriction #2

"The burial site shall not be disturbed and the Grantors shall have a right to travel across the granted premises to the burial site. The Grantors shall be solely responsible for the care and maintenance of the burial site."

August 2017: Nancy Merrill spoke with Betsy Schauerma, 9 Ipswich Road, Boxford, grand-daughter of Joseph Perkins. Betsy explained that the burial site is for ashes and BTA/BOLT may keep the memorial stones clear from leaves.

NNM's note: these engraved rocks will need attention in keeping the leaves and dirt from burying the memorial stones over time.

Judy

Dear Judy Gore, President,

Thank you for giving us permission to visit your property that is subject to a conservation restriction (CR) held by the Essex County Greenbelt Association. We had a productive visit recently and want to share some of the results with you. Enclosed you will find a copy of monitoring report from our recent visit. This report is yours to keep and file in your original baseline report.

Greenbelt will continue making routine monitoring visits to your property every 2-3 years. You will be contacted prior to our next visit and provided with a monitoring report shortly thereafter. I suggest you place this and all other future correspondence directly into the appropriate section of the baseline report for safekeeping and easy access.

Finally, it is our goal to maintain open communications with you regarding your CR. In an effort to be proactive and avoid any potential violations with the terms of the CR, please stay familiar with the document and contact us if you have any questions, especially when you are considering projects that might trigger a review and/or approval by Greenbelt. I can always be reached at 978-768-7241.

Thank you.

Sincerely,

David Rimmer

EXHIBIT A

The Premises consists of a parcel of land, comprised of 17.78 acres more or less, shown as "Lot A" on the plan entitled "Plan of Land" in Ipswich, Topsfield and Boxford, Massachusetts, prepared for Heirs of the Estate of Harry S. Perkins, dated July 28, 1987, revised February 23, 1988, recorded in the Essex South District Registry of Deeds at Plan Book 240, Page 3 (the "Plan"), together with all the right, title and interest the Grantors may hold in the parcel of land, comprised of 26,275 square feet more or less, shown as "Easement for Future Right of Way" on the Plan.

OPTION TO PURCHASE

This agreement is made this 27 day of October, 2000, by and between JUDITH F. CARR and JOSEPH S. PERKINS, JR., as Trustees of the Joseph S. Perkins Nominee Trust, under declaration of trust dated July 24, 1986, recorded with the Essex South District Registry of Deeds, Book 8405, Page 560 ("Grantors") and BTA/BOLT, Inc., a Massachusetts charitable corporation having its principal office at 7 Elm Street, Boxford, Essex County, Massachusetts ("Grantee").

In consideration of One Hundred (\$100.00) Dollars, and for other good and valuable consideration, paid by Grantee to Grantors, the receipt and adequacy of which is hereby acknowledged, Grantee and Grantors agree as follows:

1. Grantors hereby grant to Grantee the option to purchase for One Hundred Thousand (\$100,000.00) Dollars one or both of the following parcels of land in Boxford, Essex County, Massachusetts:

- a. "Lot A". A parcel of land, comprised of 17.78 acres more or less, shown as "Lot A" on the plan entitled "Plan of Land in Ipswich, Topsfield & Boxford, Massachusetts, prepared for Heirs of the Estate of Harry S. Perkins", dated July 28, 1987, revised February 23, 1988, recorded in said Registry, Plan Book 240, Page 3 (the "Plan"); and
- b. "Easement Area". All the right, title and interest the Grantors may hold in the parcel of land, comprised of 26,275 square feet more or less, shown as "Easement for Future Right of Way" on the Plan.

2. This Option may be exercised by Grantee any time on or before June 30, 2001, by giving written notice to Grantors, specifying a closing date not more than thirty (30) days after the date of the mailing of such notice, and identifying the parcel(s) to be purchased.

3. If this Option is exercised by Grantee, Grantors shall (1) execute a quitclaim deed sufficient to transfer all interest in "Lot A" to Grantee, if Grantee has elected to exercise its option with respect to such parcel; (2) execute a deed sufficient to transfer all interest Grantors have in the Easement Area to Grantee, if Grantee has elected to exercise its option with respect to such parcel; (3) provide a certificate executed by all of the holders of a beneficial interest under the trust stating that they have authorized and directed the trustees to convey to the Grantee

the above described parcel(s) pursuant to this agreement; and (4) provide a recordable Trustees' Certificate in a form substantially similar to Exhibit A attached hereto.

4. If Grantee exercises this Option, and the above described parcel(s) of land are conveyed to Grantee, it is agreed that the parcels will be maintained by Grantee for conservation purposes and preserved in their present natural undeveloped state, and Grantors and Grantee agree take all reasonable steps necessary to place a perpetual conservation restriction within the meaning of Chapter 184, Section 31, et seq., of the General Laws of Massachusetts, on the parcels as soon as practicable. The conservation restriction will be held by a "Qualified Organization" as defined in Section 170(h)(3) of the Internal Revenue Code of 1986, as amended, provided that such organization shall be eligible, pursuant to Chapter 184, Section 32 of the General Laws of Massachusetts, to hold conservation restrictions.

5. The conservation restriction shall, at a minimum, prohibit mining, excavation, construction of any buildings, construction of any recreational fields, the dumping or placing of trash, refuse or waste on the above described parcels. The conservation restriction shall expressly allow for use of the parcels for hiking, wildlife observation, cross-country skiing, horseback riding and other passive outdoor recreation and educational activities, that would not materially impair the conservation values of the above described parcels.

6. Grantee acknowledges that Grantors' deed to Grantee for the parcels shall be subject to the following conditions:

- a. For five (5) years after the closing date, Grantors shall retain the right to harvest firewood from Lot A for reasonable personal use, and not for commercial sale, following prudent forestry techniques, on a sustainable annual yield, as a managed woodlot.
- b. The surface of any trail or path in the Easement Area shall be dirt or grass and used only for hiking, cross-country skiing, horseback riding and other non-motorized activities.
- c. Grantee will not disturb the burial site located on Lot A. Grantors will retain an easement for passage to and from the burial site. Grantors will be solely responsible for the care and maintenance of the burial site.

7. Grantors agree to cooperate with the Grantee in obtaining any approvals from the Boxford Planning Board that may be necessary for Grantors to convey the above described parcels of land to Grantee.

8. Grantee shall pay all fees and expenses in connection with the transactions contemplated by this Option including, but not limited to: fees of Grantee's appraisers, surveyors and engineers; and Grantor's attorneys fees (not to exceed \$500.00); transfer tax stamps; and recording and filing fees.

9. Grantee shall secure a qualified appraisal of the purchased parcel(s), without soil tests or additional survey work, for the benefit of Grantors to establish the value of the property for the calculation of any "bargain sale" element.

10. This Option is assignable by Grantee to the Town of Boxford, the Commonwealth of Massachusetts or any agency thereof, or to a "Qualified Organization" as defined in Section 170(h)(3) of the Internal Revenue Code of 1986, as amended. All references herein to "Grantee" shall include BTA/BOLT, Inc., its successors or assigns.

Witness the execution under seal this 27th day of October, 2000.
