

Potter's Farm

A 70 acre parcel acquired by BTA/BOLT, Inc., March 25, 1994. It is surrounded by undeveloped land as well as farmland and is part of a large mixed forest area situated above Hovey's Pond, a designated great pond.

It has several vernal pools, is habitat to owls, deer and other local animals, as well as having a large grove of mature hemlocks. It has many trails, created by BTA/BOLT, Inc. and is a popular nature walk and retreat.
