

Quitclaim Deed

03/03/98 1:41 inst. 417

BK 14630 PG 604

I, **Peter J. Shulman**, of 193 Main Street, Boxford, Essex County, Massachusetts, for consideration of One Dollar (\$1.00) paid, the receipt and sufficiency of which are hereby acknowledged, grant to **BTA/Bolt, Inc.**, a Massachusetts non-profit corporation organized under the provisions of G.L. c. 180 and having its principal office at 20 Cross Road, Boxford, MA 01921,

with quitclaim covenants a certain lot of swamp and upland situated in Boxford, Essex County, Massachusetts, known as "**Peabody Meadow**" and containing by estimation six and one-half acres, more or less, and bounded as follows:

on the northwesterly, northerly and northwesterly sides with the fence by land of Josiah Kimball, now or formerly; on the northerly and with fence by land of William H. Herrick, now or formerly; and on the other sides by land of Samuel Andrews and Dean Andrews, both now or formerly,

Meaning and intending to convey all of the parcel described in the Boxford Assessor's records as parcel 28-1-34 and being the same premises conveyed to me by the Town of Boxford and Boxford Conservation Commission by deed dated November 27, 1989 and recorded in the Essex (Southern District) Registry of Deeds in Book 10274, Page 226.

Witness my hand and seal this 2nd day of April, 1997.

P. J. Shulman

Peter J. Shulman

COMMONWEALTH OF MASSACHUSETTS

Essex, ss.

April 2, 1997

Then personally appeared the above-named Peter J. Shulman and acknowledged the foregoing instrument to be his free act and deed before me,

Elizabeth A. Frost
Notary Public

My commission expires:

ELIZABETH A. FROST

Notary Public, Massachusetts

My Commission Expires February 12, 2004

SCOTIERE
Box 23

Shulman Property Natural Resource Description:

The following is a brief natural resource description of the 3 parcels owned by Peter Shulman in East Boxford.

8.4 acre parcel:

Although tax records indicate this parcel is owned by Peter Shulman, the field portion of this lot is owned by A. Noyes. Exactly what the specific acreage is that each owns is unclear but it seems at least 6+ acres does belong to Shulman. Until such time the exact property boundaries are determined it will be impossible to completely describe this parcel's natural resources. However, even without a survey it is clear that the majority, if not the whole parcel, is secondary red maple swamp with poor access. This parcel is land locked, acreage is very low and lack of surrounding conservation land establishes this parcel very low on the priority list. In fact, this parcel offers very little if any open space value for BTA/BOLT and should be excepted as a gift only if acquisition of surrounding lands is intended or desirable.

18 acre parcel:

Property boundaries for this parcel are unclear as well, although better defined than the previous discussed parcel. Stone walls do mark most of the boundaries but not all. For example: the section that the trail runs through is not marked at all and even Mr. Shulman is not confident of the exact boundary location in this area. The land to the north of the woods road is primarily secondary red maple swamp. This area is seasonally flooded during wet months and is part of the same wetland that occurs on the previous parcel. The majority of the land to the south of the woods road is upland although 2 small (acres?) wetlands do exist. These wetlands are primarily forested swamps with shrub understories that flood seasonally during wet months and with heavy precipitation. The upland is dominated by secondary Red Oaks and White Pine. Much of the oak was cut approximately 30 years ago. White Pine dominates the understory and can form thick continuous cover. Hemlock also occurs in the understory in small stands and American Chestnut is common. Ledge and large boulders are common on the ground surface with Rock Polypody, (a fern) growing on many of them.

50 - 70 acre parcel:

56 Acres being offered to Town for \$450,000,

Although this parcel is 70+ acres, only 50 acres are being offered by Mr. Shulman to BTA/BOLT. These 50 acres lie primarily between Cedar Pond and the Olde Farms Rd. cul-de-sac to the north and Kimball ponds to the south. This parcel is completely wooded and includes approximately 400' - 500' of frontage on Cedar Pond. A brook, (dry on 10/9/95 site visit) flows from Cedar Pond to Kimball Pond (east). This Brook forms the eastern property boundary along its length except for the 100' access along Sheffield Rd.. Extensive red maple swamps are associated with this brook and Cedar Pond and extend

Not Part of this current offering.
